Pearce's Mathematicians and Scientists

Math The second nine weeks has begun with a study of area. We are learning to count square units and to use multiplication to figure the area of a space. We will keep practicing multiplication facts. A weekly timed drill will be given, remember these are 5 minute drills!!!

Science In science we are understanding motion and factors that affect motion. This includes inferring how changes in speed or direction results from force acting on an object.

Pearce's Homework Help

Math- All lessons are due by Friday.

Practice multiplication facts. See drill sheet in the back of your child's homework folder as to what to practice.

McKeithan's Readers and Community Experts

Reading We will start our unit on informational text with the story Penguin Chick. We will continue working on new and more complex skills, such as, cause and effect and text features and structures. We will continue to review sequence, context clues, parts of speech, and main idea/details also. Please make sure that you are reading with your child at least 20-30 minutes each night.

Social Studies Our nine-week focus in social studies is to understand how events, individuals and ideas have influenced the history of local and regional communities. We will also use historical thinking skills to understand the context of events, people, and places.

McKeithan's Homework Help

All homework will be given out on Monday and is due on Friday. All students are required to read at least 20 minutes each night. Please make sure your child is reading OUT LOUD to you daily. This will help with reading fluency!!
