Day 1: Shapes/ Time	Identifying shapes: Draw the following shapes.	
	Hexagon Circle Trapezoid	
	Name that shape. I have 3 sides	
	I have 3 vertices	
	What shape am I?	
<u>Day 2:</u> Place Value	Using tens and ones. Show the number 81	
	Using tens and ones. Show the number 5.	
	10	
	10 more than 19 10 less than 19	
	10 more than 56	
	10 less than 56	
	Finish counting 115, 116, ,,,,,,	
	Finish counting 90, 91,,,,	
Day 3: Operations	12 - 7 = 10 + 3 =	
and Algebraic Operations	9 + 0= 19 - 0 =	
	7= 5 + 2 True or False 11 + 3 = 13 True or False	

Sam has 11 balloons. She gave some to Jo. Now Sam has 3 balloons. How many balloons did she give Jo? (answer, picture and problem)
Joe has 4 red cubes, 2 blue cubes and 6 orange cubes. How many cubes does Joe have in all?
Tom has 8 pens. Sam has 2 more pens than Tom. How many pens does Sam have?
Grab a handful of items of your choice. (beans, cereal, any item that you can use to sort to make groups of ten. Once you have these items sort them in groups of ten.
How many groups of ten do you have?
How many do you have left over?
How many do you have in all?
